

MeridianComplete Pay for Performance (P4P) Program

Dear Providers,

It is my pleasure to introduce you to the MeridianComplete (Medicare-Medicaid Plan) Pay for Performance (P4P) program. We know our success is based on the relationships we have with our providers. One of the ways MeridianComplete cultivates these relationships is by offering several distinct incentive programs that differentiate us from other plans.

Our P4P program is a pay-for-performance incentive that rewards providers for delivering quality preventive healthcare services. Incentives are offered for services such as dental visits, diabetes care, prevention and screening, and more.

Programs like this have made Meridian a leader in healthcare innovation, driven by our partnerships to provide whole-person care and transform the health of the community, one person at a time. We thank you for your continued support and dedication to our members.

Sincerely,

A handwritten signature in grey ink that reads "Pmgraham".
